1. The following is an examiner's statement of reasons for allowance: Applicant's independent claims read over what is considered to be the closest prior art (Ruzzi et al.) with regard at least to claim limitations directed to "a threaded opening at a first end of the barrel" and "the retention head is wider than the opening".

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

2. Claims 1-20 are allowed.

3. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. Montgomery et al., Thorsell et al., and Hutton disclose state of the art tools with associated methods of useage.
